PROFILE

With over 10 years of experience in the technology sector, I specialize in leading multidisciplinary teams and implementing technological solutions that drive operational transformation and business value.

I am committed to building high-performing teams, fostering a culture of innovation, and leveraging technology as a driver for scalable growth and market competitiveness.

EMPLOYMENT HISTORY

Chief Technology Officer at Pakke, Mexico City

March 2021 — Present

Led Pakke's digital transformation by aligning technology with business strategy, developing scalable systems, and driving innovation across logistics operations.

- Spearheaded Pakke's digital transformation by implementing a custom logistics platform, **cutting tech costs by 35%**.
- Migrated infrastructure to microservices architecture, enabling the system to **scale to over 100K shipments/month** with zero downtime.
- Built and led a high-performing tech team of 15+ team members.

Co-Founder and CTO at Cloud Sited Solutions, Mexico City

January 2018 — March 2021

Launched and scaled a tech consulting and custom software firm, driving digital innovation for clients across multiple industries.

- Founded and grew the company from the ground up, delivering over **30 high-impact software solutions** in sectors like e-commerce, healthcare, and logistics.
- Defined and executed technology strategies that improved **client operations by up to 50%**.
- Built and mentored a high-performing agile team, maintaining a 4.9/5 client satisfaction score across all projects.
- Led full-cycle product development — from discovery and design to deployment — **ensuring tailored, scalable, and secure platforms** for diverse business needs.

Development Team Leader at Next Cloud, Mexico City

August 2016 — January 2018

Led the technology team for a company developing a cloud-based ERP software, ensuring scalable architecture, agile development, and product delivery aligned with business goals.

- Implemented agile methodologies that **reduced development cycles by 20%** and improved software quality.
- Managed a team of 7 developers, achieving **95% on-time delivery rate** across all product milestones.

EDUCATION

Master of Science Artificial Intelligence, Tecnologico de Monterrey, Mexico City

January 2023 — December 2024

Software Engineering, Tecnologico de Monterrey, Mexico City

August 2015 — December 2018
